

PROFLEX® 1505

LOW-PROFILE

WEIGHT LIFTERS BACK SUPPORT

Back in the day, we started by making the best damn back supports in the biz. Still do. Sure, our first back support was the DeLorean of back protection in '83, but we didn't rest on our laurels - or our lumbar. Introducing a 21st century version with the same support, quality, and comfort workers have trusted for the past 30:

Ideal for jobs that require lifting, reaching, twisting, or bending. Easily adjusted with a cam buckle closure system, the ProFlex® 1505 Low-Profile Weight Lifters Back Support is light, comfortable, and offers exceptional flexibility for the worker.

1505

Low-Profile Weight Lifters Back Support: Flexible soft foam core provides support when lifting; low-profile design allows for superior mobility.

- 6.25" (16 cm) low-profile tapered design
- Flexible soft foam core composition
