

Rubberset®

Industrial Applicators

One Source...
We've Got You Covered.

RUBBERSET® PRODUCT CHOICES MADE SIMPLE:

The following selections represent a "BEST-BETTER-GOOD" offering, and are only a small representation of an extensive line of Rubberset® industrial applicators. For our complete product offering, please contact your Krylon Products Group Sales Representative to request our Industrial Product Guide.

RUBBERSET INDUSTRIAL BRUSHES:

Industrial painters and maintenance professionals demand excellence, and Rubberset brushes deliver. Designed and manufactured to exacting standards, you can count on Rubberset! Each brush is formulated to meet top performance standards, from the built-in dome chisel to the hand-trimmed bristles, to ensure accurate and precise cut lines. Our brushes provide the durability, balance and feel that live up to the expectations of industrial painters.

RUBBERSET INDUSTRIAL ROLLER COVERS:

When it comes to roller covers, performance is what counts! Rubberset roller covers are engineered and manufactured to perform under very demanding conditions. Each roller cover features custom fabrics designed for maximum pick-up and release of today's paint formulations and are constructed with an improved solvent resistant plastic core. A special manufacturing process "double cleans" the roller covers to eliminate fibers and ensures a quality finish that industrial painters demand.

One Coat Roller Covers

For One Coat Results - Saves Time! Polyester Knit Fabric.
