

# BRAND PRODUCT COLLECTION

## NEOS OVERSHOE

Since 1994, NEOS has been a leader in overshoe products as one of the first brands to offer a lightweight solution for extra levels of protection, insulation, and traction. Designed to be worn right over your everyday footwear, NEOS overshoes are versatile, easy to pack, and easy to slip on and off. Made from technically advanced materials to provide durability and performance in the most extreme conditions, the uppers are made of specially constructed, highly durable Nylon inside and out providing 100% waterproof protection.

Multiple outsole options (some with removable studs) are available to equip you with the best traction for most terrain or surfaces. All styles feature lugged outsoles with an aggressive tread for high traction that performs in wet, cold, and icy conditions. A specially formulated rubber keeps NEOS flexible, even at sub-zero temperatures, plus an adjustable instep strap for a secure, quick fit. Whether it's extreme cold, rain, snow, or just plain slush, NEOS will help keep your feet and favorite shoes dry and protected.

# GLACIER TREK™

SPK

## SUPERIOR TRACTION

**Replaceable Glacier Trek™ SPK stainless steel cleats** are non corrosive and heat treated for maximum traction in ice and snow.

**Multi directional lugged outsole** provides traction in snow and on uneven terrain.

**Expanded surface area** for more control in deep snow.

# NEW! GLACIER TREK™ SPK OVERSHOES

## GLACIER TREK™ SPK

The NEOS® Winter collection featuring Honeywell's new **Glacier Trek™ SPK** outsole technology for superior cold weather traction. Built to stand up to the daily abuse of occupational users while providing the performance mandated by explorers in extreme cold weather environments.

Glacier Trek™ SPK ice traction cleats are engineered to provide excellent traction while being durable via a non-corrosive heat treated metal that digs into ice and snow with ease.

## GLACIER TREK™ SPK FEATURES

The following features apply to all boots in this series:

- Durable uppers are waterproof and windproof
- 2.5mm Polyurethane internal bootie
- Glacier Trek™ SPK outsoles, with 32 Replaceable Cleats per pair, provide excellent traction on ice and snow. **Not to be used on hard surfaces.**
- Cleat wrench included with convenient internal pocket to keep wrench handy and available to change cleats on the job
- Adjustable hook-and-loop strap system for a secure and comfortable fit
- Lightweight design to help prevent foot and leg fatigue
- Compact for convenient storage
