C4001175 -- Link Stick, Insulated

To permit hot-line work with a nylon-strap ratchet hoist, a properly applied link stick insulates the hoist from an energized conductor. The hoist link stick is a 1.25"-diameter Epoxiglas pole with a steel hook on one end and a butt swivel on the other. To apply the link stick, attach the hook of the stick to a wire grip using the hotstick eye to operate the hook. Complete the application by connecting the nylon-strap hoist to the link stick butt swivel and to a pole or crossarm. Rated working load: 4,000 lb.

Product Specifications

Product Type	Nylon Strap Hoist
Product	Link Stick
Length	15" (381 mm)
Weight / Ea.	3.675 lbs
Material Type	Standard
Min Order Qty	1
Standard Package	1
Standard Package Unit	Each
UPC Code	09635901701

Compressed Product Number

C4001175
