Product Datasheet

CHANCE

H4903M12 -- Ladder, Manhole

Service Ladders of Epoxiglas offer greater safety when working around energized lines. Because they are much lighter than comparable wood ladders they are easier to transport. Spacing between side rails and rung spacings are in accordance with the specifications of the largest central station and telephone companies. Side rails of 1 1/2"-diameter Epoxiglas are plastic-covered at the top for cushioning. Rubber feet are supplied on bottom end. Rungs are of 13/16"-diameter glass fiber.

Product Specifications

Product Type	Ladders/Platforms
Tool Type	Ladder
Style	Service Ladder
Length in (mm)	12' (3.7 m)
Material Type	Non-Standard
UPC Code	09635904105
Standard Package	1
Standard Package Unit	Each
Min Order Qty	1
Weight / Ea. lbs	39.2 lbs

Compressed Product Number

H4903M12
