

INSTALLATION INSTRUCTIONS L-901 CONNECTOR

FOR USE WITH L-650 SERIES TRACK SYSTEM ONLY
ELECTRICAL RATINGS: 120V, 60HZ, 20A

Insert end of connector into track system. If connector does not slide easily into track, do not force. Track connector is polarized. Turn connector around and use opposite ends. Ground contact is on the same side as polarity groove in track. After installation into track, tighten screw at end of connector to secure to track.

Connect power supply: Colored (Line) to brass screw marked "P" White (Neutral) to silver screw marked "N" Ground to green screw (if required).
