

Compact Structured Media® Enclosure With Cover, 1x6 Telephone Expansion Board, and 6-Way Splitter

APPLICATION

The Leviton Multi-Dwelling Unit (MDU) Compact Structured Media Enclosure is designed to deliver a compact distribution point for basic telephone and video of multi-unit buildings. The enclosure's unique modular design is made exclusively from ABS molded plastic. This gives customers cost savings in installation time, while providing the flexibility to accommodate a variety of telephone/video distribution configurations. The enclosure can accommodate up to three additional telephone expansion boards and one passive video splitter. The Leviton MDU enclosure is ideal for apartments and affordable, military, senior, and campus housing as well as urban mixed-use applications.

FEATURES

- · Compact distribution point for basic telephone and video
- · Snap-on cover requires no tools or fasteners
- Features molded-in brackets that provide quick snap-in convenience for telephone expansion boards
- Multiple knock-outs on top, bottom, and sides support 1-inch conduit and facilitate cable routing and entry
- · Enclosure may be locked for added security

DESIGN CONSIDERATIONS

- Capacity for up to three telephone expansion boards and one passive video splitter
- · Enclosure can be surface or flush mounted
- ABS molded plastic construction provides structural integrity and it comes with a UL94 VO flame-retardant fire rating
- Bridge up to four telephone lines to six locations with a 1x6 Expansion Board
- 6-Way 2 GHz Passive Video Splitter delivers a CATV or antenna signal to six television outlets
