Quality Weatherproof Electrical Equipment

Residential/Construction, Service Entrance

Product #: RS45508C

Short Description: 400A RINGLESS MSLC 31X33

SPECIFICATIONS

| | |
|------------------------------------|-------------------|
| Category | Surface - Metered |
| Heads | 1 |
| Mounting | Surface |
| Amps | 400.0 |
| Metering | Ringless |
| Receptacles | None |
| Feed | Underground |
| Installed Breaker | (2) CB2201H |
| Additional Breaker Spaces Per Head | 8 |
| Wiring Configuration | Series |
| AIC | 22,000 |
| Cabinet Size | 31 x 33 |
| Circuit Protection | Yes |
| Hub Provision | No |
| Load Center | LC88PC |
| Loop Feed | No |
| Phase | 1 |
| Stock Class Code | Stock |
| Certification | UL |
| Unit Weight | 99.0 |
| UPC | 078456720865 |
| Volts | 120/240 |

National Electric Code requires electrical distribution equipment to be rated as "Service Entrance", wherever electrical power enters a building or other structure. Service entrance products are typically utilized on single-family residences and mobile homes. Midwest Electric offers a broad range of surface mount and pedestal units, factory assembled and wired. Pedestal units come standard with loop feed lugs to reduce installation time and labor expense. Service Entrance equipment is made of heavy, galvanized G-90 steel, preventing corrosion and fading.
