Electric

## Operations recommended for the end of life treatment

There are several steps to process the products at the end of life so as to recover components, materials or energy:

**Reuse ⇒ Separation for special treatment ⇒ Other dismantling ⇒ Shredding**

The components of the products that optimize the recycling performances are listed, identified and located hereunder.

Recommendation	Number on drawing	Components	Weight (g)	Comment
Other dismantling	1	Stainless Steel	1500g	(Valorisation)
