

Eaton 2237500C33

Catalog Number: 2237500C33

Eaton Cooper Power series tap-changer switch, Three-phase, 35 kV, 100 A, Cap wrench/lever/hookstick, #12-10 AWG terminals (long shank), Block indicator A-E, 4 per box, 150 kV

General specifications

Product Name	Catalog Number
Eaton Cooper Power series tap-changer switch	2237500C33
	UPC
	194006038126
Product Height	Product Diameter
8.2 in	4.2 in
Product Weight	Compliances
1.2 lb	Not Applicable
Certifications	
ANSI/IEEE Std C57.12.91	

Accessories

Handle options

Cap wrench/lever/hookstick

Additional Specifications

Packaging

4 per box

Descriptions

Number of decks

Three

Switch style

Block indicator A-E

Switch type

5-pos tap-changer switch

Electrical Ratings

AC 60 Hz 1 minute withstand

50 kV

Basic impulse level full wave crest

150 kV

Continuous current rating

100 A

Current rating

100 A

Impulse - phase to ground

150 kV

Phases

Three

Standard voltage class

35 kV

Mounting

Mounting orientation

Sidewall

Type

Terminal type

#12-10 AWG terminals (long shank)
