

Ty-Rap® Wire Management Clips, Clamps, Spiral Wrap and More

Install with gaps for greater flexibility
or butted together for maximum abrasion
resistance, insulation and rigidity!

Spiral Wrap

- Packaged in 100 foot reels
- Protects bundles from .063" to 7" (1.6 mm to 177.8 mm) diameters
- Available in three material types
- Also commonly known as reverse cut, left-handed cut or counter-clockwise cut
- Use cutting tool CC120B (see [page C-57](#))
- UL94HB Flammability Rating

Sold in 100-ft. rolls.

Polyethylene

Available in natural and weatherable black.

For general indoor use to 122° F (50° C).
Material is flexible and easy to work with.

Weatherable Polyethylene

Available in black only. Designed to resist ultraviolet light in outdoor applications.

Nylon 6.6

Available in natural only.

Offers highest abrasion resistance and rigidity.
Self-extinguishing to UL94HB
and a UL® Recognized Component.
