

Wire Stripper/Cutter with Closing Lock

The Klein-Kurve® Wire Stripper/Cutter strips, cuts and loops 8-16 AWG solid and 10-18 AWG stranded wire. Precision, shear-type blades provide clean cuts on both solid and stranded copper wire. The strong-gripping serrated nose easily bends, shapes and pulls wire. For convenience, we have easy-to-read markings on both sides as well as doubled-dipped grips for comfort.
