CHANCE

C3050021 -- Wrench, Pole

The two-in-one tool performs the functions of both a cant hook and a pole tong without spiking the pole. With positive control, it grasps poles of round or other geometric cross sections (square, hex, etc.) made of metal, fiber, concrete or wood. Latex-impregnated nylon-web strap (13/4" x 6 feet) rated at 7,500 lb. tensile strength securely grips poles, even large diameter poles. Rugged design also includes a 2"-diameter x 4 feet Chance orange Epoxiglas® handle with plastisol butt cap, a cast-aluminum head and two forged-steel bails.

Product Specifications

Product Type	Accessories
Product	Pole Wrench
Weight / Ea.	7.84 lbs
Material Type	Non-Standard
Min Order Qty	1
Standard Package	1
Standard Package Unit	Each
UPC Code	09635901576

Compressed Product Number

C3050021
