

Fish and Glow Rod Set, 25-Foot

If you've ever used fiberglass fish rods, you know how painful and annoying fiberglass splinters can be. The protective coating on these fish rods guards your hands against splinters. These flexible yet rigid rods will pull wire across long distances. 1/4-Inch (6 mm) and 3/16-Inch (5 mm) diameter rods can connect together for added versatility. The set includes attachments and glow in dark rods to help make the job easier.
