Surface Mount J-Box Installation

The surface mount uses an intuitive snap-in system that makes surface mount installation easier than ever. Simply install the snap-in adapter onto the junction box and connect wires. To finish the installation, snap the fixture into place using the surface mount clip. A great solution for fire rated applications when used in conjunction with a fire rated j-box.

(All hardware included)

The LBSLEDA (7" only) is also easily adapted to install into Prescolite and many competitive 4", 5", or 6" recessed cans with optional mounting kit LBSMTGKIT.
