*\*Buy American Compliant Logo -- The American Recovery And Reinvestment Act of 2009 ("ARRA") provides federal grants and loans for projects throughout the country. Section 1605 of the Act, named the "Buy American" provision, requires that certain materials and manufactured products used in projects funded by the Act be manufactured in the United States. The appearance of the Recovery Act Logo in relation to a Leviton product is only intended to reflect that such product may be used in an ARRA funded project. It does not mean that such product or Leviton is sponsored or endorsed by, or that Leviton receives funds from, the federal government or the Recovery Accountability and Transparency Board. Nothing in Leviton's use of the logo is intended to suggest anything regarding the requirements for funding under ARRA.*

### Brand Features

Rhino-Hide Single Pole Cam-Type Receptacles are tough and reliable. They feature a UV-stabilized high performance TPV insulator that resists cracking and color fading, and a positive vibration-proof connection. They are available in 8 standard colors for easy phase identification.

NOTE: A complete catalog number requires that you append the color suffix to the base number as follows: W (White), E (Black), H (Brown), R (Red), B (Blue), O (Orange), G (Green), Y (Yellow). For example, to order a white plug the catalog number would be 16R21-UW.

### Item Description

16 Series Male Panel Receptacle, Cam-Type, 90-Degree, Threaded Stud Length - 3/4", Taper Nose, 400 Amp, Cable Range - #2 to 4/0 AWG

### Technical Information
