

**CORD SET INSTALLATION INSTRUCTIONS**

- 1) Remove and discard access plate currently installed on fixture.
- 2) Pull orange ballast or driver disconnect(s) through fixture access opening.
- 3) Disengage disconnect(s) and discard supply side portions.
- 4) Insert orange plug(s) on cord set into orange receptacle(s) on fixture. If fixture is equipped with only (1) orange disconnect, connect either orange plug from cord set, leaving second one unused.
- 5) If an occupancy sensor kit is also being added to this fixture, connect either orange plug on cord set to orange receptacle on black sensor lead instead of to a ballast or driver. Other plug remains unused.
- 6) Stuff cord set wiring through fixture access opening and install access plate.
