

The next generation of lighting control technology is here.

Now you can dim or time your lights directly from your smartphone or tablet by simply downloading the Leviton Decora Digital Dimmer & Timer App and pairing it with our new Decora Digital Controls with Bluetooth technology. Enjoy control of the Decora Digital Dimmer and the Decora Digital Switch within a 30-foot* range without the need of a hub, gateway or internet connection.

Decora Digital Devices are the smart solution for living rooms, bedrooms, kitchens, dining rooms, home offices, porch lighting or anywhere full control of lighting is desired.

Adding convenience, energy savings and safety to your home is EASY with Decora Digital Controls.

Easy to Use

Ready to use right out of the box. Connects via Bluetooth Technology. No hub, gateway or internet connection required.

Easy to Relax

Dim the lights from the comfort of your couch.

Easy to Comfort

Dim the lights and set the countdown (sleep) timer so the lights go out when your child falls asleep.

Easy to Schedule

Create a "lived-in" look by scheduling lights to turn On/Off automatically.

Easy Setup

The app makes it quick and easy to wirelessly set up schedules, bulb type, on/off fade rates and light levels.

Decora Digital Switches

combine functions of a standard wall switch and a programmable or countdown timer switch in one attractive device.

Decora Digital Dimmers

are powerful devices combining the best of Leviton dimmer and timer functions with today's technology.

Decora Digital Dimmer & Timer App

makes it quick and easy to set timer functions and control lights and other switched loads such as exhaust fans or pool filters.

Exciting Features for Today's Lifestyle

- Bluetooth compatibility within a 30-foot* range without the need of a hub, gateway or internet connection
- Individually control dimmers and switches within the home
- Each device can be named for easy identification
- Free app is compatible with Apple and Android smartphones or tablets
- Flexibility to program timed events weekdays, weekends or any combination of days at set or random times
- Astronomical clock, automatically set through connection with smart device, adjusts to local sunrise/sunset times
- Countdown sleep timer can be set for up to 12 hours
- Single pole or 3-way/multi-location control with remote
- Color change kits available in White, Ivory, Light Almond, Gray, Black and Brown

* 30-ft Bluetooth range: Range may vary depending on specific conditions of installation, configuration of walls, obstacles and other factors.
