

# D-Series LED Floodlights

Stock Solutions

## Energy Savings with Style in Stock

The D-Series LED floodlights are the ideal stock solution for distributors looking for super efficient solutions offering the right set of configurations for everyday floodlighting needs. 16 of the most popular configurations are stocked, readily available and offer proven performance from a brand you can trust.

### The Configurations You Need

D-Series LED Flood stock solutions offer the key configurations that contractors need for everyday floodlighting. All stock configurations feature a powerful lumen package with a wide flood (6X6) beam pattern in a dark bronze finish. Choose from 4000K or 5000K and a variety of mounting options including adjustable threaded knuckle, adjustable slipfitter or yoke mount.

### Energy and Maintenance Savings

Combining up to 84% energy savings with up to 20 years of expected service life makes HID floodlight replacement a “no-brainer” when using D-Series LED floodlights.
