

LEVITON[®]

Making Your Home Smarter and Safer Every Day

Control your lights from anywhere

Decora Smart™ with Wi-Fi

-  Control lights, electronics or appliances from anywhere
-  Schedule your lights to turn on when you want them, including sunrise/sunset
-  Works with your favorite smart products – Alexa, Google, Samsung SmartThings, August and more
-  All you need is Wi-Fi – no hub required
-  Truly smart lighting – schedules run even without internet
-  Designed and engineered by Leviton in the USA

Light the Way with a Single Touch

Wireless Automation for Your Home

Welcome to Easy Street

Total Control From Anywhere

Simple and Elegant Home Control

- Schedule your lights to illuminate when you want them, or randomize lights for a lived-in look
- Use Alexa or Google Assistant to dim/brighten with just your voice
- Match your style – 6 color options complement existing Decora® devices in your home
- Multi-Way Compatible – Control the same lights from more than one location using a smart dimmer paired with a matching remote
- Best in class full-range dimming performance including low-wattage LED bulbs
- Control up to 99 smart devices per residence and up to 20 residences per account
- My Leviton App Custom Settings – easily adjustable fade rates, bulb types, brightness levels, and dimmer LED feedback

One app for schedules, scenes, and custom settings

Works with My Leviton

Your Decora Smart Wi-Fi products will also work with more of your favorite smart home devices, thanks to the Works with My Leviton partner program.

- Building a complete smart home eco-system with a Samsung SmartThings hub? Easily connect your Wi-Fi lights.
- Want to auto-unlock your door and turn on your lights via geofencing? August door locks can run an activity that turns your lights on for you.

Sometimes you need an extra hand. Simply tell your favorite voice assistant to adjust the lights or plug-in loads. Any time you ask your voice assistant, it will communicate to your lights via Wi-Fi and effortlessly adjust them for you.

Washing dishes and hear something outside?

“Alexa, Turn on Outside Lights.”

Coming through the door with your hands full?

“Alexa, Turn on Entry Lamps.”

About to enjoy a movie but want to remain comfortable on the couch?

“Ok Google, Turn Living Room Dimmer to 10%.”

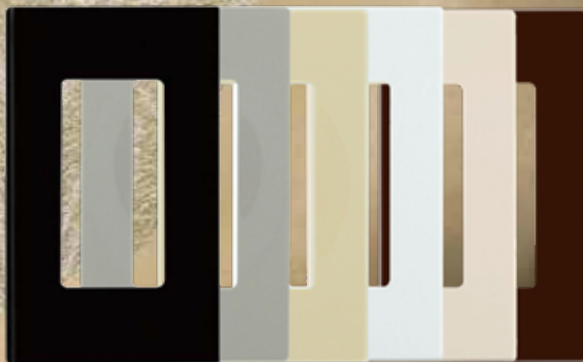

Ready for bedtime?

“Ok Google, Turn Everything Off.”

Match your Style!

- Smart technology should blend into your home
- Leverages popular Decora® form factor
- Six color choices available
- Mix and match with Screwless Wallplates

Let's make every home a smart home, starting with yours. Simply replace your existing light switches or plug-in a device anywhere.
