

Full Line EC&N Catalog: *Elbows, Couplings & Nipples* 

# We've been connecting America

# North America's Best-in-class Electrical Elbows, Couplings & Nipples

# for over 65 years.

#### Your complete EC&N package

Today, Picoma offers distributors a complete line of EMT as well as rigid steel and aluminum elbows, couplings and nipples for electrical conduit applications. With our experienced, dedicated service team, it's no surprise that Picoma has set the industry standard for decades.

#### The right product, right when you need it

As the industry leader, Picoma offers in-house bending, cutting and threading capabilities with the largest selection of specialty items, including speciallength nipples, long-radius elbows, and custom bending and threading for unique applications. Our specialized hot-dip and in-line galvanizing processes set the benchmark for quality in the industry.

Picoma products are manufactured in Cambridge, Ohio, from conduit stock produced in-house, then further fabricated and shipped to our local warehouses across North America.

#### 100% Made & Melted in America

Picoma's standard line of steel EC&N satisfies the strictest American Made, Made in America and Buy American legislation, so you can buy with confidence. Offering superior physical protection for electrical conductors, Picoma is your single source for all EC&N in North America.

#### Contractor-focused innovations

Innovation at Picoma starts with listening carefully to our customers' needs.

Responsiveness to users is a priority at every level of the company, from the executive suite to the manufacturing floor.

For example, much of Picoma production equipment has been specially designed or modified by Picoma engineers to meet our own high, rigid quality standards, exceed industry standards and perform to precise customer requirements.

#### Responsive service, helpful technology

Our fully integrated planning systems ensure steel coils and conduit feedstock are in place and available when needed, so you can expect a quick response to spikes in demand and changes in order patterns.

Our Electronic Data Interchange (EDI) program with a vendor-managed inventory (VMI) system allows you to place your order 24/7. It speeds order entry, lets you match UPC numbers, improves order and invoice accuracy, and tells you when your order will ship. Picoma offers superior fill rates (98%) and fast order turnaround.

#### Strength. Innovation. Service.

We take great pride in serving our customers' needs. No job is too big for us to handle—and delivering on time is standard practice. And we continually look for opportunities to bring greater value to every customer relationship through product and process innovations.

#### **About Picoma**

Picoma Industries, a division of Zekelman Industries, manufactures a complete line of electrical conduit fittings—galvanized elbows, couplings and nipples—and a complete EC&N package of aluminum, running thread and service meter masts.

For more information, contact Picoma at: **800.742.6621** or **info@picoma.com**Or, visit our website at picoma.com

#### **About Zekelman Industries**

Zekelman Industries includes the operating divisions of Atlas Tube, Energex Tube, Sharon Tube, Picoma and Wheatland Tube. It is the largest independent manufacturer of hollow structural sections (HSS) and steel pipe, and the top producer of electrical conduit and elbows, couplings and nipples in North America. Zekelman Industries delivers a broad range of pipe and tube solutions that build its customers' success.
