

# Eaton 171512-3P

Catalog Number: 171512-3P

Eaton Cooper Power series H72-3P switch, 15.5 kV, 1200A, Two-hole NEMA term pads, tinned to accept Cu or Al terms, 90° blade stop, Single mount channel, Vert mount, Porcelain, 110 kV

## General specifications

Product Name	Catalog Number
Eaton Cooper Power series H72-3P switch	171512-3P
	UPC
	194006006712
Product Length/Depth	Product Height
35 in	18.6 in
Product Width	Product Weight
21 in	282.187 lb
Compliances	Certifications
IEEE C37.34	Not Applicable

## Accessories

### Terminal options

Two-hole NEMA terminal pads, tinned to accept copper or aluminum terminals

## Application

### Application

Bypass switch

## Description

### Blade stop options

90 ° blade stop

### Material type

Porcelain

### Switch type

H72-3P station-class bypass switch

## Electrical Ratings

### Amperage Rating

1200A

### Basic impulse level full wave crest

110 kV

### Number of phases

Single-phase

### Voltage rating

15.5 kV

## Mounting

### Mounting configuration

Vertical

### Mounting option

Single mounting channel
