

Juno® UPLD Undercabinet Lighting

LED Indoor Undercabinet with Switchable White

The highly-efficient Juno UPLD swivel LED undercabinet in 9, 14, 22 and 30" lengths have an easily accessible switch to select 3000K, 3500K or 4000K color temperatures. The UPLD undercabinet provides task or accent lighting in light commercial, retail, hospitality and residential applications. Ideal for use over and under cabinets, display cases, task lighting, office lighting, coves and utility/work areas.

Juno® UPLD Undercabinet Lighting

This sleek, slim 1" profile undercabinet luminaire features a linkable, plug-together design to connect fixture to fixture. Available in white and bronze finishes.

Key Features

- **Switchable white feature (3000K, 3500K or 4000K)** – complement your surroundings
- **Swivel lightbar** – aim the light to accent a backsplash or provide task lighting
- **Multiple packages available** – 300 to 1175 lumens output depending upon length
- **White or bronze finish** – blends into most decors
- **Recessed linking feature** – virtually no space between fixtures for a seamless appearance and compatibility with Lithonia linking accessories for more connectivity options
- **Captive screws** – quick, easy installation. No more dropped or misplaced screws!
- **More ways to connect power** – direct wire capable or with optional power cord
