Schneider
Electric

A bold evolution in residential energy

Elegant form and intelligent function

For more than a century, Square D™ by Schneider Electric has been a leader in residential, commercial, and industrial electrical equipment. Our products are found in 40 percent of U.S. homes, reliably powering and protecting what matters most. For generations, electrical contractors, builders, and DIY homeowners have trusted us for quality, innovation, reliability, and safety in electrical equipment.

Now, we're writing the next chapter in stylish, connected living: Schneider X Series residential wiring devices are designed for enhanced aesthetics and durability. With connected models, enjoy remote control and monitoring of your usage. Our connected devices are also Matter compliant, easily integrating with major smart home ecosystems like Google Home, Apple HomeKit, and Alexa.

Time-tested reliability, with a twist

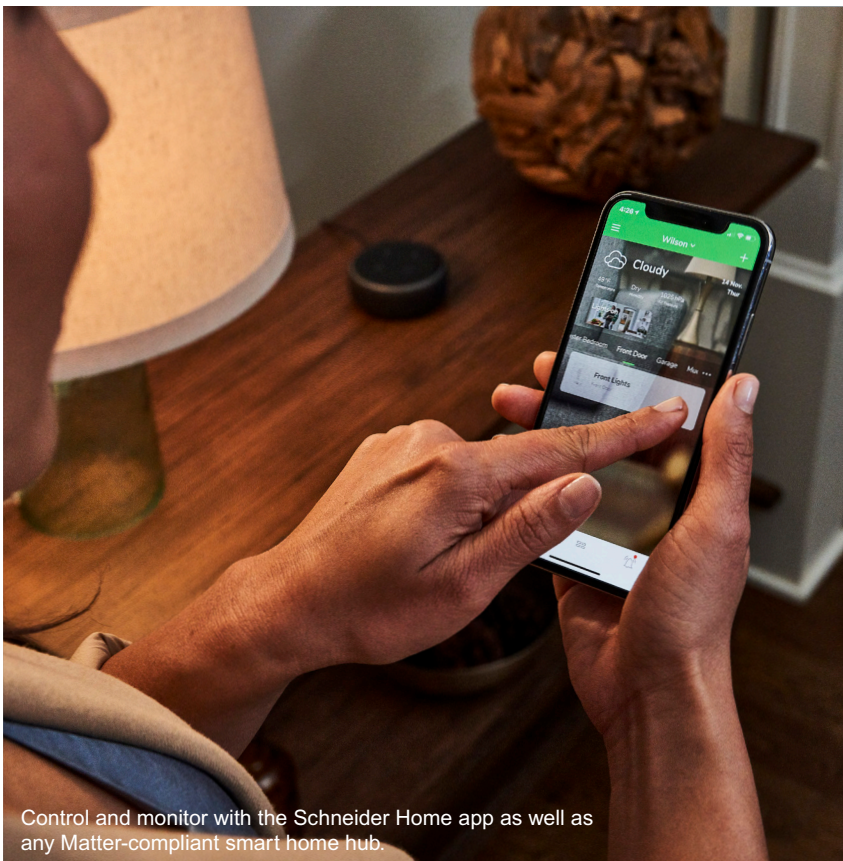

Most light switches, outlets, and wall plates look the same as they did in the 1970s. Of course, anything that lasts that long surely must be doing something right. And yet, our new wiring devices retain all the classic functionality while raising the bar on aesthetics, durability and connectivity.

Design is at the heart of our Schneider X Series Wiring Devices.

Designed for an elegant minimalist look, they have a simplicity that extends beyond form, into function. We've consolidated all the new features into fewer products, so you get every benefit in any device you choose. It's all a variation on the same theme: flush-mounted, easy to install and screwless wall plates in four color options. Enjoy all these features plus Matter compliance in our connected devices.

Schneider X Series: Setting a New Standard

Flexible and feature-rich, X Series sets the new benchmark for how today's wiring devices should look and feel. With X Series' 4 color options they can adapt to any interior décor, while connectivity options help you save energy and live comfortably. The bottom line: X Series upgrades the conventional without reinventing the wheel.

Control and monitor with the Schneider Home app as well as any Matter-compliant smart home hub.

X Series Matter-compliant connected receptacle with screwless wall plate

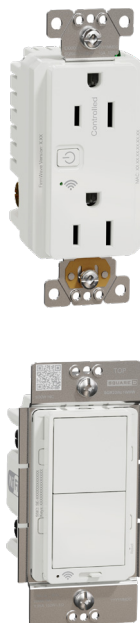

Richer features for consumers and electricians alike

Whether you plan to install these devices or use them every day, there's a lot to like about Schneider X Series.

Schneider X Series Matter-compliant 15A receptacle

- Child-safe design with tamper-resistant shutters
- Matter Compliant, compatible with IoT devices across platform
- Remotely monitor and control energy and set automated schedules
- Available in four designer colors: black, gray, light almond, and white with all plates.

Matter-compliant connectivity

With Matter compliance and intelligent connectivity, our connected wiring devices can be controlled through any major smart home platform like Amazon Alexa, Google Home, and Apple HomeKit. You can create custom lighting scenes, control remotely and more. Use the Schneider Home app to also get energy monitoring and take advantage of the full Schneider Home energy management solution.

Durable matte finishes

Advanced materials provide enhanced strength to avoid breakage during installation and to stand the test of time. These finishes also bring beauty with minimalist matte elegance.

RoHS certified

Breathe easy with safe, non-hazardous materials.

Schneider X Series Matter-compliant Dimmer

- Accommodates incandescent and halogen bulbs up to 600 W
- Matter Compliant and supports seamless communication among IoT devices across platforms
- Control remotely, monitor energy consumption, set automated schedules
- Available in four designer colors: black, gray, light almond, and white with screwless wall plates included for white

Comfort and convenience with built-in connectivity

Learn
more about
Schneider
Home

Schneider X Series is part of the Schneider Home energy management solution, which makes homes more efficient, sustainable, and energy resilient.

From grid to plug, we help you manage your home's electricity use more intelligently with app-based control of any plug or switch. Our Matter-compliant connected wiring devices become a key piece of the connected home, allowing you to control your receptacles and lights remotely.

Set lighting scenes for any situation

- Dinner time
- Movie time
- Bed time

Create schedules that fit your lifestyle

- Preset timing
- Align lighting with sunrise and sunset

Amazon, Alexa and all related logos are trademarks of Amazon.com, Inc. or its affiliates. Google and Google Nest Audio are trademarks of Google LLC. Apple, App Store and Apple HomeKit are registered trademarks of Apple Inc.

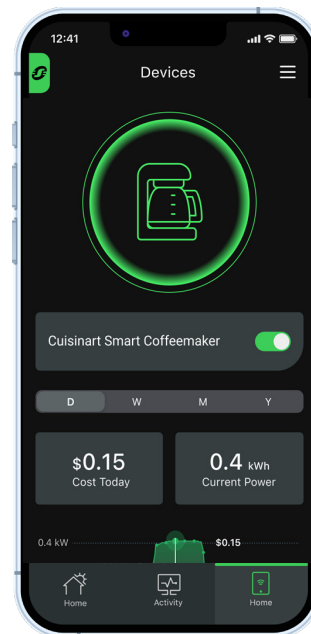

Connect to any smart home ecosystem

With Matter compliance, our connected switches, dimmers and plugs can be connected to any major smart home ecosystem.

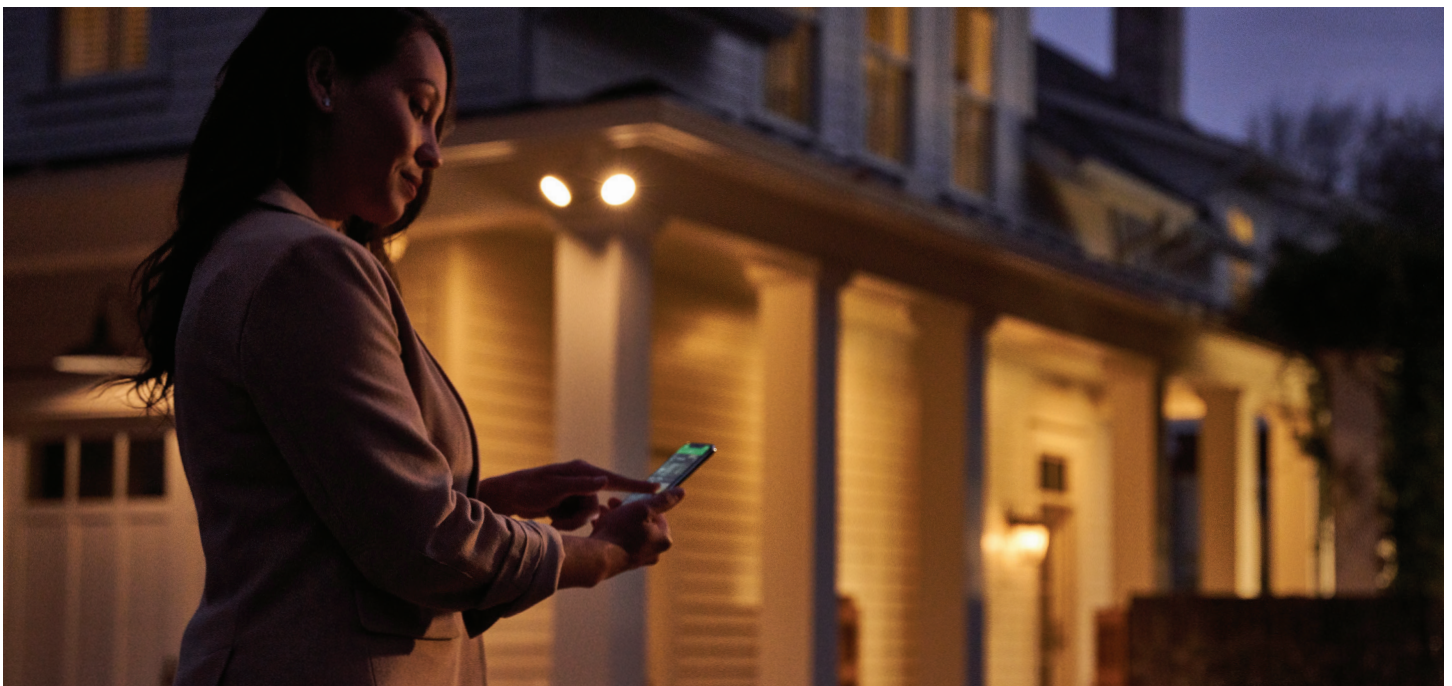

Connected X Series Wiring Devices—switches, dimmers, and receptacles—are available in four designer colors: black, gray, light almond, and white.

Enjoy real-time energy monitoring and help reducing energy bills with the Schneider Home app.

Expect more from your wiring devices

From dimmers to sensors and beyond, Schneider X Series changes expectations of what an everyday wiring device should be able to do.

Pre-installed switch module with rocker plate

Switches

- Pre-installed decorator switches make installation simple
- Supports single pole, three-way, and four-way switches

Rocker dimmer

Slide dimmer

Dimmers

- Eliminates near-off flickering on LED lights
- Powers dimmable compact fluorescent and LED lamps up to 1v0W
- Accommodates incandescent and halogen bulbs up to 600W

3-speed slide

Fan control

- Slide control provides clear user feedback for low, medium, or high fan speed
- Preserve peace and quiet with low 2.5 amp motor control
- Install quickly with clearly identified rear wires and other quick connection features

Receptacles

- Elevate safety with camouflaged black shutters
- Speed up wiring with “no-wrapping” screw installation and self-grounding clip
- Enhance kitchen and bathroom safety with GFCI receptacles that self-test every 3 seconds

Decorator receptacle

GFCI receptacle

Standard duplex receptacle

Standard single receptacle

Specialty receptacles

- Charge two devices at once with USB receptacles that deliver up to 2.4A per port
- Navigate safely in the dark with sensor-enabled LED nightlight receptacles

USB A/A receptacle

USB A/C receptacle

Guide light receptacle

30 and 50 Amp receptacle available

Sensors

- Detect both occupancy and vacancy in one device, with 180° views and up to 800 square feet of coverage
- Adjust timing for fans and lights in increments of 10, 20, or 30 minutes
- Set relative humidity levels between 45 – 80%
- Enable manual control at any time via push buttons

Motion sensor

Humidity/motion sensor
and fan control

Data and communications

- Support traditional telephone, cable TV, and data networking with cat 6 insert
- In-wall HDMI cable installs for wall-mounted TVs with brush strap

Decorator Ethernet™
insert

Decorator coaxial
connector

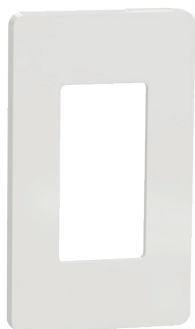

Decorator combo
connector

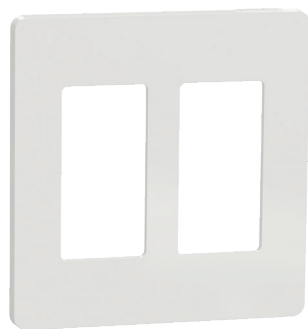

Decorator brush strap
connector

Wall plates

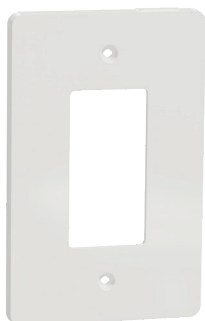

- Remove and replace plates quickly, without sacrificing secure mounting
- Extend product lifetime with super-durable polycarbonate resin
- Achieve a modern look with flush profiles and matte finishes
- Keep devices clean with flush facing that wipes down easily

Screwless Decorator wall plate

Screwless Decorator multi-gang wall plate (up to 5-gang available)

Decorator wall plate with screws (up to 5-gang available)

Standard duplex wall plate with screws

Standard wall plate with screws

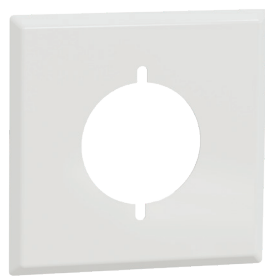

Decorator multi-gang wall plate with screws

Specialty covers

Rugged, washable thermoplastic for specialty applications

Standard cover plate with screws

30 and 50 Amp cover plate

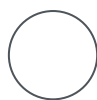

Outdoor waterproof covers

Enjoy reliability and a handsome look for outdoor in-use waterproof covers
