

Hybrid Pliers with Crimper, Fish Tape Puller and Wire Stripper

Pliers strip, cut, pull, twist, shear and crimp with one tool. These hybrid pliers feature a built-in channel to pull steel fish tape without damaging the wire. With full length, induction hardened knives and a high-leverage design, these hybrid pliers provide more cutting power on hard wire. It easily strips 10-14 AWG solid and 12-16 stranded wire. The wide, knurled head easily grabs and twists wires. Convenient holes for shearing 6-32 and 8-32 bolts plus a crimper for non-insulated connectors, lugs and terminals make this a must-have tool for your bag.
