# CARBON FIBER HARD HATS

Klein Tools **K12™ Series Carbon Fiber Hard Hats** are constructed using multi-layered interlinked carbon fiber, giving these full brim hard hats an outstanding low-weight to high-strength combination. The carbon fiber construction also provides consistent impact protection across a wide temperature range in extreme cold or heat. All three models feature large adjustable vents not found on other carbon fiber hard hats, to help stay cool. A balanced 6-point suspension with removable, washable padded sweatband and top pad is designed for a secure fit and long-term comfort. Select K12 Series hard hats include Klein Tools' accessory mounts on the front and back for attaching Klein headlamps, fans, and other accessories – no strap needed!

Sweat-wicking sweatband and top pad with advanced evaporative technology is machine washable

**Six-point Suspension** for enhanced stability and balance

**Accessory Mounts** (front & back) for attaching Klein accessories (60512, 60514)

**SPARTAN 60513**  
(no mounts)

**ANSI LT and HT standards:**  
-22°F to 140°F

**Open-frame design, with soft neck pad pivots** for optimal fit and improved ventilation

**TITAN 60512**  
w/Rechargeable Headlamp (56062)

**Large Adjustable Vents** help control air flow in both hot and cold weather

**SPARTAN 60514**  
w/Rechargeable Headlamp (56062)

**Large knob ratchet mechanism** for easy, one-handed adjustment

**Klein Tools Hard Hats are tested to the highest standards.** These Class C, Type 1 Hard Hats meet ANSI Z89.1-2014 (R2019) (Plus LT and HT rated) and CSA Z94.1-15 (R2020)
