

Discover the **WISER ENERGY** difference

Life Is  On

SQUARE D™
by Schneider Electric

A black and white photograph of a woman lying on her back on a light-colored, textured couch. She is smiling broadly, looking towards the right side of the frame. Her right arm is raised behind her head, and her left arm is bent with her hand near her chest. She is wearing a dark-colored long-sleeved top and dark pants. In the background, there is a large, multi-tiered bookshelf filled with books. A large, semi-transparent green circle is overlaid on the upper left portion of the image, containing white text. The overall atmosphere is relaxed and comfortable.

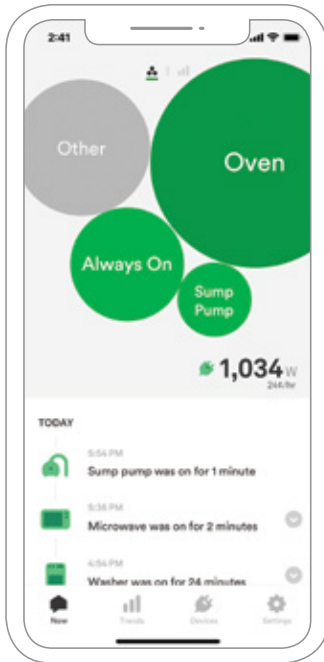

**Wouldn't it be nice
to keep tabs on your
home from anywhere?**

Welcome to a **WISER ENERGY** home

There's living, and there's living wisely.

In our fast-moving, non-stop world it's easy to lose sight of that.

There are always things to keep track of and to manage.

Meet Wiser

Wiser Energy™ from Square D™ is an integral part of any smart home. It helps you keep tabs on your home by notifying you when devices are ON or OFF, and monitors home energy usage in real time, for a safer and more efficient home.

The Wiser Energy system uses the Sense app Square D edition for 24/7 monitoring of your valuable appliances and electronics

Features

- Keep tabs on your homes' electrical activity from anywhere
- Gain insights into your energy use for greater savings
- Get mobile alerts when appliances turn ON or OFF
- Take control of your energy through smart device integration with **Amazon Alexa®**, **Google Home™**, **Philips Hue**, **Wemo® Insight**, **Kasa™ HS110 smartplugs** and more
- Optimize your solar installation by monitoring its production

**Comfort,
convenience, safety...
simplicity.**

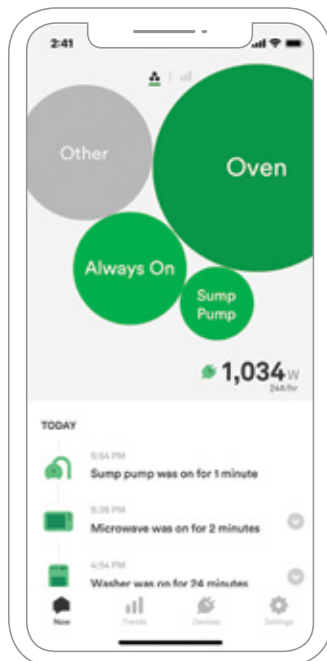

**The difference is
WISER ENERGY.**

**Simple,
powerful single
app. Wherever
you go, home
goes with you.**

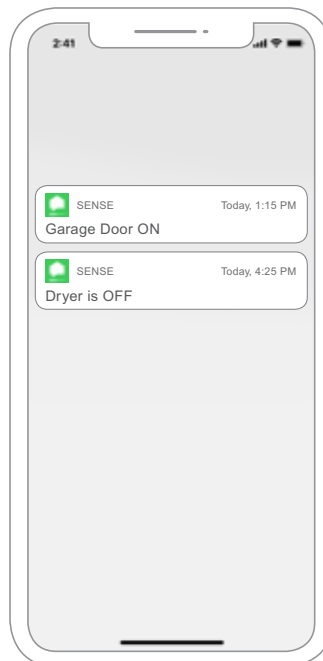

Simple, Powerful App

In using the Square D edition of the Sense app, The Wiser Energy system provides homeowners with the knowledge they need to keep their homes safe and efficient.

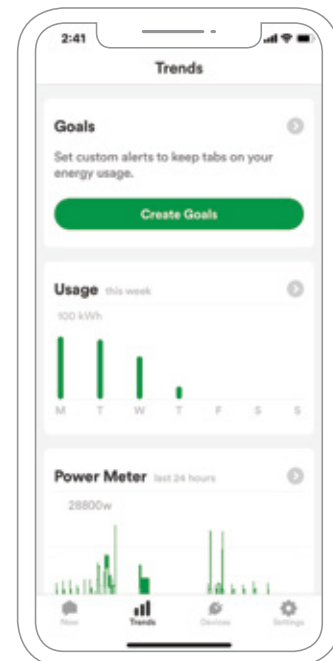

24/7 access

See what's on in your home at any time, from anywhere. With 24/7 access to your home, you can turn your appliances into smart appliances at once.

Notifications

Create custom notifications, letting you know when things turn on/off. Like when your garage door opens, when your dryer turns off, or if you leave a curling iron plugged in.

Customize

Set energy usage goals, estimate your monthly energy bills, and take proactive action to cut down on your energy waste. If your home is solar equipped, you can view solar generation, and monitor your return on investment.

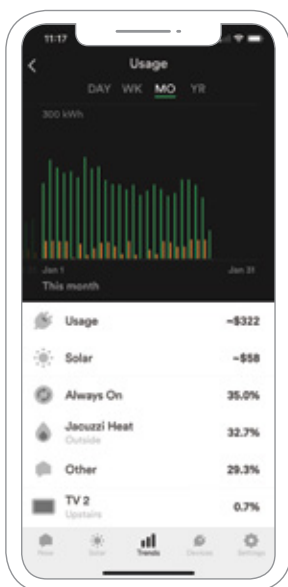

Energy Management

There's no reason your home's electrical bill should be a mystery. **Gain a little insight to manage your energy better** and keep the household budget on track.

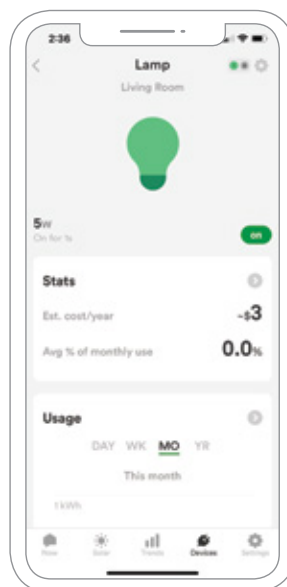

With the Wiser Energy system you will see where your money goes and easily spot the inefficiencies that increase your expenses. **The Wiser Energy system will help you take advantage of cheaper, off-peak energy** and make the most of your solar power installation.

Is home safety your main concern? The Wiser Energy system detects electrical use and sends you notifications via the app, like when your garage door opens, or when you leave a curling iron plugged in.

A growing list of smart device integrations including **Philips Hue, Wemo Insight and Kasa smartplugs** enable the ability to take action directly within the app.

See energy usage trends and create goals with the intuitive, easy to use app

Control certain connected devices easily from anywhere at anytime

**Set goals, gain insight
on where energy is
spent and save money.**

**Turn your appliances
into connected
appliances.**

Easy Installation

Installing **the Wiser Energy system** is **simple, quick and straightforward**. Once the Wiser Energy unit is installed in your home's electrical panel by a certified electrician, and connected to your wifi, setting up the app takes only minutes. Over time, through crowd sourcing and using machine learning, the app senses electrical activity and identifies your electrical devices. Once your devices are identified, you'll have crystal clear insight into your energy use. **Now your home has a voice!**

Note: Contact a licensed electrical contractor for installation of the Wiser Energy system.
