Lumark

High quality outdoor lighting that provides easy installation, area safety, and energy savings in commercial and industrial spaces.

HALO Outdoor

For over 60 years, HALO has been the industry-leader in residential indoor lighting. Bringing the same high level of quality and innovation, HALO Outdoor provides security and utility lighting for residential and light commercial applications.

Product Features & Technologies

Cooper Lighting Solutions is the source for superior quality lighting products in all markets, bringing creativity, insight, and knowledge together to provide the best and the brightest lighting solutions. Below you will find descriptions that detail some of the features and technology icons listed throughout this catalog.

For more information, contact your representative or visit cooperlighting.com

RoHS

All products in this catalog are RoHS Compliant. This Restriction of Hazardous Substances directive ensures there is no use of specific hazardous materials found in electrical and electronic products.

Warranty

All products in this catalog are covered by a standard 5-year limited warranty (exceptions noted by product). Warranty details can be found on Eaton.com.

cULus® Listed

All products listed in this catalog have been evaluated, tested, and listed by Underwriters Laboratories for product safety certification in US and Canada.

IP66 Rated

IP66 Rated

The products with this notation are tested to be water resistant and also protected against dust, dirt, sand and debris, all while maintaining long luminaire life.

DLC

These families have SKUs that are DesignLights Consortium® Qualified. Refer to www.designlights.org Qualified Products List under Family Models for details.

DLC Premium

These families have SKUs that are DesignLights Consortium® Premium Qualified. Refer to www.designlights.org Qualified Products List under Family Models for details.

Solar Powered

These solar powered luminaires provide a level of safety and security in applications where line voltage is not available. With easy installation and included solar panel, all you need is sunlight.

Controls Key	
-	No additional integrated controls. Fixture only manually switched ON/OFF
D2D	Dusk-to-dawn operation by way of an integrated (or button-type) photocontrol
3P	Integrated 3-PIN NEMA twistlock photocontrol receptacle (photocontrol sold separately)
3P-PC	Integrated 3-PIN NEMA twistlock photocontrol receptacle (photocontrol included)
M	Motion detection for ON/OFF operation (degrees of detection)
SENS	Integrated, programmable motion and occupancy detection for ON/Dim operation with integrated dusk-to-dawn capability

Area/Site Lighting

Lumark and HALO Outdoor LED area and site solutions provide a uniform lighting experience for improved safety by illuminating walking paths, potential obstacles as well as providing substantial energy savings over traditional sources. These patented designs offer a mix of mounting heights, optical designs, and control options for a variety of applications.

Lumark Prevail | Prevail XL

The Prevail / Prevail XL LED area/site luminaire combines energy efficiency and long term reliability in an advanced, modern design. The precision engineered optics provide uniform illumination resulting in greater pole spacing. The standard versatile mounting arm facilitates ease of installation for new or retrofit applications such as walkways, parking lots, roadways and building areas.

- Die-cast aluminum housing
- 4000K CCT, 70CRI
- Round or square pole mount
- 15-40' mounting heights

PFPRV Prevail

LED Pole and Fixture Combo

The Prevail™ LED pole and fixture combination makes ordering and installation of poles and fixtures simple. Included is all of the hardware and parts required to install a pole and luminaire: a pre-drilled square straight steel pole, anchor bolts, template, base cover, luminaire, and associated hardware kit.

Pre-matched and calculated pole and fixture combinations based off of your wind zone requirements eliminates complexity of selecting poles.

Stock configurations of poles and fixtures reduce time on the job with shorter lead times.

CHOOSE
YOUR MIX.

WE'LL DO
THE REST.

Sample Number: PFPRV-1-C25-T3-15

HALO Outdoor Area Light Series

The AL area lights combine high performance optics with super bright energy-efficient LEDs. The dusk-to-dawn photocontrol for nighttime ON and daytime OFF settings provides a reliable security solution. The AL Series is ideal for illuminating large areas such as barns, side roads, sheds, or general security lighting. Available in bronze (BZ) or gray (GY) finishes.

Ceiling Mount

Ceiling mounted products provide durable, wet-location rated lighting solutions for any outdoor, under-cover application. With a variety of mounting configurations, output adjustability and controls, these products offer the ideal solutions for new or retrofit applications.

Lumark Canopy

The CLCSLED canopy luminaire provides a slim, low-profile, die-cast traditional design with high performance energy efficient illumination. The CLCSLED mounts quickly to a variety of surfaces making it ideal for banks and retail drive-thrus, covered sidewalks and hospitality entryways.

Lumark RPGC Round Parking Garage and Canopy

The Lumark RPGC Round Parking Garage and Canopy luminaire is an innovative, energy-efficient LED fixture. The RPGC is designed to replace traditional HID fixtures on a one-to-one basis from 150W up to 250W HID. The low profile, rugged construction, features a selectable lumen switch that allows for seamless integration into illuminating parking garages, canopy, stairwells and low-bay retail installations where high security illumination and energy savings are needed.

Floodlighting

Floodlighting calls for a high-intensity light designed to cover large areas with a wide beam spread. Lumark and HALO Outdoor provide a variety of outdoor floodlighting for solutions ranging from commercial industrial to residential and light commercial applications, and include features such as precise aiming, rugged construction and long life.

Lumark Night Falcon

The Night Falcon LED floodlight combines high-efficiency optics and superior thermal management in an energy efficient luminaire. The precision engineered optics deliver superior uniformity and excellent illumination to the targeted application. With adjustable mounting configurations and a simple installation, the Night Falcon is suitable for applications including area security lighting, building facade lighting, rail yards, and sign lighting.

Lumark Tracer Floodlight

Combining value and performance in a unique, patent-pending durable design, the Tracer LED floodlight luminaire delivers superior uniformity and excellent illumination to the targeted application. The rugged, die-cast housing is IP66 rated for exceptional durability and long-term reliability.

The Tracer floodlight provides design flexibility for applications such as landscape, accent, facade, or sign lighting.

HALO Outdoor Floodlights

These floodlights are engineered with the latest LEDs, drivers and optics to meet any safety and security outdoor lighting needs. This broad line of security floods offers multiple controls solutions for maximum energy savings and adjustable, tilt-able floodlight heads for security area coverage. The Selectable CCT function allows the installer to choose a color temperature that will visually enhance the surrounding application. Available in Bronze (B) or White (W) finishes.

Wall Mount

Wall mounted luminaires can provide unique architectural styling to a building while illuminating the adjacent areas for increased pedestrian safety. These LED products offer a mix of mounting heights, optical distributions, and control options for a variety of lighting applications.

Lumark Axcent

The Axcent LED wall mount luminaire delivers value through superior performance, reliability, and mounting versatility, all in a sleek, architectural style. The Axcent is ideal for applications that require maximum light distribution such as building entrances, vehicle ramps and schools. Available in carbon bronze finish.

Lumark Crosstour

The Crosstour LED wall pack provides super bright, energy efficient illumination in a low-profile, rugged, die-cast aluminum construction. The accessory kits enable the Crosstour to go from wall mount to floodlight applications. The Crosstour is ideal for pathway illumination, multi-use facilities, schools, restaurants and loading docks.

XTOR / XTOR Max
