

## SPECIFICATION & FEATURES HEAVY DUTY T-GRID BOX HANGER

### DESCRIPTION:

Orbit Industries' Heavy Duty T-Grid Box Hangers are a fast and easy way to support electrical boxes in drop ceilings. The BHT-1H Series requires no tools to install, and accommodates multiple junction boxes with bottom knockouts. Standard hangers are suitable for 1-1/2" and 2-1/8" deep boxes. BHT-1HDEEP includes extension brackets to accommodate 2-1/8" deep boxes with 1-1/2" extensions. BHT-1H Series includes a box mounting clip which can provide independent support from the mounting clip or hanger.

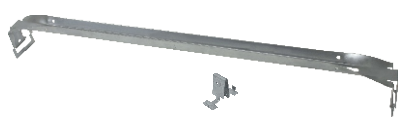

### FEATURES:

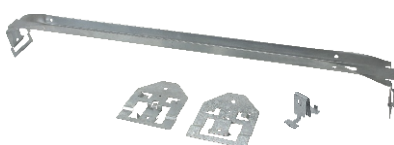

- Pre-galvanized steel hanger and extension brackets
- BHT-1HD & BHT-1HDEEP include spring steel box mounting clip (BHT-HD-C)
- For 1-1/2", 2-1/8" & 3-5/8" (BHT-1HDEEP) deep boxes with bottom KOs
- No tools needed for installation
- Accommodates multiple junction boxes
- Mounts flush with face of tile
- 50 lbs. static load rating
