

3M™ Solus™ 1000 TPE Series

TPE Gasket offers robust protection with a flexible seal that adapts to contours of wearer's face.

The 3M™ Solus™ 1000 Series safety glasses feature a sporty low profile and are available in several frame colors and lens tints with Scotchgard™ Anti-fog Protector Coating. Models with TPE gasket help provide additional protection against debris with a flexible seal that adapts to wearer's face contours. When used in combination with strap, the eyewear helps provide splash and dust protection. Find the model that's right for you.

TPE gasket
Flexible TPE gasket adapts to wearer's facial contours to provide a tight seal and help protect against debris.

Polycarbonate lenses

- U6 rated polycarbonate lenses absorb 99.9% of UVA, UVB, and UVC rays between 200 nm and 380 nm
- Meets the Impact-Rated Protector requirement of the ANSI-ISEA Z87.1-2020 Standard.

Contemporary styling with soft nose bridge for added comfort.

Removable temples and optional elastic strap.

Padded temples for added comfort.

- Meets ANSI Z87.1 D3 splash and D4 dust protection with TPE gasket and strap

3M™ Scotchgard™ Protector Anti-Fog/Anti-Scratch Coating

- Resists fogging longer than traditional anti-fog coatings, up to 25 washings with water.*
- Helps provide durable scratch resistance in tough work environments.

*Based on 3M internal testing per EN168 test method when compared to traditional anti-fog coatings.
