

# Single Pole Devices and Temporary Power

## Features and Benefits

### Temporary Power Accessories

Hubbell's SR50 is comprised of a pre-wired 50A receptacle, mounted in a fully non-metallic watertight FD wall box.

This weather resistant, UL listed, assembly provides significant labor savings for the contractor, because it's pre-wired with a 50A Twist-Lock® receptacle, installation time is significantly reduced. The 4 hole mounting pattern of the new FD box also provides added security for the device.

### Cable Sets, Plugs, and Receptacles

| Description   | Catalog Number    |
|---|-------------------|
| 50A pre-wired wall mounted receptacle, with 2 ft. wire leads.     | <b>SR50</b>       |
